Only UNH Departments may legally purchase software licenses below. A license does not include media or documentation. A license is usually a single sheet document that grants permission for the end user to copy the program onto one computer. User is responsible for obtaining media for the installation, or media kit may be purchased at the same time as the license. If publisher allows media kit to be sold separately, proof of purchase of the appropriate license is required.

Please visit the following URL for UNH software site license information: <http://at.unh.edu/clusters/services/software.html>
