Essential Mac Bundle
Everything you need in one package.

Get the 13” MacBook Pro with Retina Display with practically everything you need for UNH, including a display adapter, a protective sleeve, and accidental damage coverage!

What do you get?

- 13” MacBook Pro with Retina Display
- Mini DisplayPort to VGA adapter
- Protective sleeve
- 4 years of accidental damage coverage with 6 months of theft protection
- Configuration for use at UNH with in-warranty back-ups during repair

Why buy the bundle?

- Standard benefits of purchasing at UNH, including free warranty repair, a loaner computer if yours is in for service, and more
- Use software supported and recommended by UNH
- Connect to classroom projectors
- Meets UNH IT recommendations
- Save time and money!

MacBook Air
All the power you want. All day long.

MacBook Air now features a fifth-generation Intel Core processor, Thunderbolt 2, great built-in apps, and the same all-day battery life. It’s thin, light, and durable enough to take everywhere you go—and powerful enough to do everything once you get there.

Key Features
- Fifth-generation Intel Core processors starting at 1.6GHz (Turbo Boost up to 2.7GHz)
- Starting at 4GB memory at 1600MHz
- Intel HD Graphics 6000
- Faster all-flash storage
- 802.11ac Wi-Fi support
- Thunderbolt 2 and USB 3 ports
- 720p FaceTime HD camera
- Thin, light, durable design
- High-resolution display
- Pages, Numbers, Keynote, iPhoto, iMovie, GarageBand included
- OS X El Capitan operating system
- Up to 12 hours of battery life (13-inch model)
- Up to 9 hours of battery life (11-inch model)

AppleCare for MacBook Air
AppleCare Protection Plan for Mac extends your coverage to three years from the original purchase date of your Mac.

MacBook
The future of the notebook

The new MacBook delivers a full-size experience in the lightest and most compact Mac notebook ever. Every element, from the new keyboard and Force Touch trackpad to the 12-inch Retina display, USB-C port, battery and logic board, has been completely re-imagined to make it not only thinner but also better. The result is more than just a new notebook. It’s the future of the notebook. Available in gold, space gray, and silver.

Key Features
- Fifth-generation Intel Core M processors starting at 1.1GHz (Turbo Boost up to 2.4GHz)
- 8GB memory at 1600MHz
- Intel HD Graphics 5300
- PCIe-based flash storage
- 802.11ac Wi-Fi support
- Force touch trackpad
- Built-in FaceTime camera w/ dual mic
- Thin, light, durable design
- Retina class display
- Pages, Numbers, Keynote, iPhoto, iMovie, GarageBand included
- OS X El Capitan operating system
- Up to 9 hours of battery life

AppleCare for MacBook

iMac
Performance and design. Taken right to the edge.

iMac has a stunningly thin design, brilliant display, and is great for browsing the web, watching movies, and doing amazing things with documents, photos, and videos. The 21.5-inch iMac delivers the ultimate desktop experience without taking up a lot of space on your desktop.

Key Features
- Amazing ultrathin design
- 1920-by-1080 pixel LED-backlit display with iPS technology
- Fifth-generation dual-core or quad-core Intel Core i5
- Optional Fusion Drive combines the storage capacity of a hard drive with the performance of flash storage
- Two Thunderbolt 2 ports, four USB 3 ports, SDXC card slot and Gigabit Ethernet
- 802.11ac Wi-Fi, Bluetooth 4.0
- FaceTime HD camera
- Apple Magic Keyboard
- Apple Magic Mouse 2
- Powerful apps for creativity and productivity
- OS X El Capitan operating system

AppleCare for iMac
AppleCare Protection Plan for Mac extends your coverage to three years from the original purchase date of your Mac.¹

iMac with Retina 4K display

Performance and design. Taken right to the edge.

iMac now offers a stunning Retina 4K display on the 21.5-inch model and an even more spectacular Retina 5K display on the 27-inch. And a wider color gamut means a palette of up to 25 percent more available colors. So photos and videos look crystal clear and vibrant, and text is razor sharp.

Key Features

• 21.5-inch (diagonal) 4096 by 2304 Retina 4K display
• Stunning 5mm thin design
• Fifth-generation quad-core Intel Core i5 processor
• Intel Iris Pro 6200 graphics processor
• Optional Fusion Drive combines the storage capacity of a hard drive with the performance of flash storage
• Two Thunderbolt 2 ports, four USB 3 ports, SDXC card slot and Gigabit Ethernet
• 802.11ac Wi-Fi, Bluetooth 4.0
• FaceTime HD camera
• Apple Magic Keyboard
• Apple Magic Mouse 2
• Powerful apps for creativity and productivity
• OS X El Capitan operating system

iMac with Retina 4K display

Mac mini
It's mini in a massive way.

Mac mini now has fourth-generation Intel Core processors, increased graphics performance, and ultrafast 802.11ac wireless networking. It also features two Thunderbolt 2 ports, great built-in apps, and OS X Yosemite. And it's still the world’s most power-efficient desktop.

Key Features
- Fourth-generation dual-core Intel Core i5 processor
- Up to 30 percent faster graphics performance when compared to the previous generation
- Two Thunderbolt 2 ports for connecting up to 12 Thunderbolt devices or two Apple Thunderbolt Displays
- Four USB 3 ports and one HDMI port; HDMI port and included HDMI to DVI Adapter for connecting your HDTV or DVI display
- Built-in 802.11ac Wi-Fi and Bluetooth 4.0
- Works with almost any display, keyboard, and mouse
- Powerful apps for creativity and productivity
- OS X Yosemite, the world’s most advanced operating system

AppleCare for Mac Pro
AppleCare Protection Plan for Mac extends your coverage to three years from the original purchase date of your Mac.
Apple TV
The future of television is here.

TV is a major part of our lives. We gather together around our big screens to watch big shows and big
events. Yet somehow, the overall experience of TV has continued to stagnate. Until now. It all starts by
recognizing that apps are the future of television. HBO NOW, WatchESPN, Netflix, Hulu, iTunes — apps
are quickly becoming how we watch today. So we built a new foundation around this vision — with a
new operating system called tvOS, innovative ways to connect with
your screen, and a smart use of Siri to search for something to watch. This is the new Apple TV. This is
where television is headed.

Key Features
- A8 chip with 64-bit architecture
- HDMI Port compatibility
- 32GB or 64GB PCIe-based flash storage
- 10/100BASE-T Ethernet Port, IR Receiver, USB-C
- Built-In Power supply
- Apple TV is compatible with high-definition TVs
- Built-in 802.11ac Wi-Fi with MIMO and Bluetooth 4.0
- tvOS, Apple’s new operating system, exclusively
- Apple TV
- Comes with a Siri Remote
  - Rechargeable battery
  - Accelerometer and gyroscope
  - Glass Touch Surface control

Apple TV with Siri Remote
